Description

Go ultra-compact with the TRAIL Series—designed for pure outdoor freedom. Take it anywhere with zero hassle and experience the joy of exploring nature without any extra weight holding you back. Choose your carry style - grab, sling, or pack it away with ease. The compact three-in-one design combines a detachable 140W charging cable handle and a built-in multi-function camping light with the power station, giving you everything you need for tent camping nights in one device. Pure DC power delivers 300W total output (140W max one single port, including a 12V car port) - enough for 90% of essential outdoor gear. Perfect for all your light camping power needs.
